Monitoring Visit

1. Describe monitoring activities (walked all boundaries, accessed interior, viewed from the road only): viewed the conservation area with the landowners. Also viewed on recent aerial photography from Spring 2019.

2. Were boundaries clearly marked and identifiable? Yes No

Notes: Boundary has been digitized in GIS and were reviewed on high resolution aerial photographs taken in Spring 2019.

3. List and describe any observations of human alterations or management activity (construction, clearing, harvest, trails, etc.) that represent changes from the previous visit or from conditions recorded in the baseline document: The majority of the conservation area is open field, which is being mowed at least once annually. Owners are interested in a possible farm project in the future and had lots of general questions about stewardship resources.

4. Are these activities permitted in the conservation easement or deed? Yes No

5. List and describe any other observations, needs, comments etc. that may be affecting the condition of this property: *No concerns noted.*

6. To the best of your knowledge and observation, are the conservation values of this property being preserved and do all activities comply with existing restrictions (as referenced in the conservation easement, deed, etc.)? Yes No

If no, please describe: *No other observations of note.*

7. Please include any additional comments and reference any additional materials provided (photos, annotated maps, etc.) from the monitoring visit here:

No additional comments.
