Monitoring Visit

1. Describe monitoring activities (walked all boundaries, accessed interior, viewed from the road only): Met with David at his home and then walked the property alone. Also reviewed on recent aerial photography from Spring 2019.
2. Were boundaries clearly marked and identifiable? Yes No
Notes: Boundary has been digitized in GIS and were reviewed on high resolution aerial photographs taken in Spring 2019.
3. List and describe any observations of human alterations or management activity (construction, clearing, harvest, trails, etc.) that represent changes from the previous visit or from conditions recorded in the baseline document:
No changes.
4. Are these activities permitted in the conservation easement or deed? Yes No

5. List and describe any other observations, needs, comments etc. that may be affecting the condition of this property: This property is being rotationally grazed by a neighboring farmer and mowed when needed to be best managed for pasture. A composting area and deer-fenced nursery are located on the property, as described in greater detail in the BDR.

6. To the best of your knowledge and observation, are the conservation values of this property being preserved and do all activities comply with existing restrictions (as referenced in the conservation easement, deed, etc.)? Yes No

If no, please describe: N/A

7. Please include any additional comments and reference any additional materials provided (photos, annotated maps, etc.) from the monitoring visit here:
This is a lovely property receiving much thoughtful care.
